- INDUSTRY** **Developer Student Club Member.** DSC, University of Granada 2019–2020
Tech community to publicize open source projects and solve local problems.
- Software Intern.** Google Summer of Code May 2019–August 2019
Developed a [tool](#) to generate the [doc page](#) of Raku Language.
- Math Organiser.** Mathematical Student Association 2016–2019
Organised several <https://sites.google.com/view/jornadasrsmeamat/iii-jornada-rsme-amat> conferences and workshops.
- SKILLS** I have basic experience in building webapps based on React.js and pure HTML+CSS+Javascript. I am more interested in backend development where I have worked with Node.js, MySQL, Oracle and MongoDB. I also have a good understanding of Git, VSCode and Linux. I have made some minor projects in C++ and Python. From time to time, I like to write posts about what I do in [DEV.to](#).
- ACADEMIA** **BSc Mathematics.** Current GPA 6.7/10. University of Granada 2016–now
- BSc Computer Science.** Current GPA 6.7/10. University of Granada 2016–now
- INTERESTS** Speaker at [esLibre](#) and [Jasyp2019](#)
Blogger at [DEV.to](#).
